

One Year Genetic Health Guarantee

Lyon's Puppy Pride

Our Terms....

To you, the buyer, I will assure you that all the puppies have been raised with the greatest of love, care, and attention to detail in all aspects of his or her well being. Even before they were born we carefully chose the very best dogs with wonderful conformity, deep rich colors, great personalities, and the best pedigrees.

*All vaccinations and dewormings will be current and fully documented. All puppies are checked with a licensed Veterinarian before going home.

*To ensure proper nutrition the highest levels of nourishment are diligently maintained.

*All puppies and adults alike are maintained in excellent health and raised in a loving environment inside our home with our family and plenty of outdoor play.

*All of our puppies are very well socialized, truly loved, well cared for and played with throughout the day. We feel that raising them in our home makes all the difference to prepare them for their new home with you. I am home with them throughout the day. They will have their tails docked to proper length, dew claws removed, and wormed on weeks 2, 4, 6, and 8. Puppy shots are given at 6 weeks of age. Your puppy will be up to date on everything a puppy should have.

*Potty training and "Spoiling" has already been started for you!

Health Guarantee - Spay/Neuter Contract

Buyer's Responsibilities:

Provide your puppy with routine preventive care. In order to provide this health guarantee, we do require that you abide by (and be able to prove) a few requirements, should we ever need to honor this guarantee.

The purchaser must have the puppy examined by a licensed veterinarian within 4 business days of the arrival. If the veterinarian discovers the puppy to be unsound, it can be returned for another puppy of equal value or money back. This is provided that the puppy be returned within a 4 business day period and be accompanied with a letter from the examining veterinarian stating in what respect the puppy is unsound. Lyon's Puppy Pride will not be liable for any expenses, including but not limited to, veterinary bills, or shipping expenses. Guarantee will be VOID if the buyer fails to have the puppy examined by a licensed Veterinarian within the allotted time frame.

Routine Veterinary Exams / Vaccinations

Yearly vet visits/vaccines are required for this guarantee to be honored and records must be shown for proof. A necropsy must be done on any deceased dog/puppy. This guarantee is null and void upon any evidence of abuse or neglect, or if the buyer fails to maintain annual check-ups with a qualified veterinarian. Proof of said maintenance must be furnished upon request. This guarantee is non-transferable.

·Follow veterinarian guidelines for vaccinations and deworming. It is your responsibility to make sure the puppy is vaccinated at the appropriate ages! If your puppy is exposed to parvo and/or distemper before the full vaccination series is completed, he/she can be susceptible to these viruses. Lyon's Puppy Pride is not responsible for the health of this Puppy after 72 hours. This is due to the possibility that the dog may become infected by a communicable disease after its delivery to the new owner. Lyon's Puppy Pride will not be responsible for a puppy's health if he/she is re-vaccinated before 9 weeks of age.

·Failure to keep your new puppy on the same type of food could result in diarrhea, loss of appetite, hypoglycemic attacks (low blood sugar) or a combination of these symptoms.

·Teacup and Tiny Toy size puppies need to eat several times each day and a small amount (size of a dime or less) of Nutra-Stat should be given once or twice per day. Failure to have

Nutra-Stat or Nutra-Cal on hand could also result in the death or serious harm of your new puppy if they do have a hypoglycemic attack. Also, it is very important to keep small breed puppies warm.

Hypoglycemia is preventable and is not included in the guarantee.

The Buyer has researched and is knowledgeable of the non-life threatening problems that a Schnauzer or Schnoodle may have, and agrees that these are not covered under this health guarantee. Minor, breed related, treatable, or correctable conditions such as Patellar Luxation, or a puppy murmur, or any condition that may go away or is considered to be a condition which a puppy will likely outgrow are not covered. Under no circumstances will Lyon's Puppy Pride be responsible for any veterinarian bills acquired by the purchaser for this puppy.

With a new puppy come extra responsibilities. Failure to follow these guidelines could put your puppy in serious danger.

One Year Health Guarantee Against Genetic Defects:

To the best of my knowledge I am selling a health puppy: it will be deemed healthy by a Licensed Vet before it leaves our home.

This puppy is guaranteed until one year of age against fatal congenital disease which adversely affects the health of the animal.

This includes kidney, heart, pancreas, spine, and liver problems of a severe life threatening nature. If the dog dies within this one year time frame, the buyer will pay to have it autopsied by a licensed veterinarian to ascertain the reason. If the reason is congenital, the Seller will replace the puppy. All veterinarian findings must be submitted and signed by a licensed Veterinarian and be sent on the Veterinarian's letterhead and backed up with lab work or x-rays as to the nature of the problem. A second opinion may be requested.

Seller will not pay or be responsible for any surgery or veterinarian bills. A puppy with a defect must be returned to the seller to qualify for the one year health guarantee. Breeder must be notified of the problem within 2 business days of the licensed veterinarian's determination. Breeder must be provided with, a full copy of all veterinary records from the veterinarian's office and receive a release to all veterinary records. The Breeder has the right to have this animal examined by a veterinarian of their choosing. If a dispute over the diagnosis occurs, a third mutually agreed upon veterinarian will make the final determination. The Breeder will provide a replacement puppy of equivalent value. No refund in part, or in full will be given, only a replacement dog. No replacement puppy will be given if the puppy has been bred or euthanized without Breeder's permission. A returned puppy must be returned to the seller in good condition, other than the specified problem, at the buyer's expense condition along with AKC papers and

all records. The owner will then qualify for a replacement puppy. Buyer is responsible for transportation costs to and from the seller on a replacement puppy. Seller will not pay or be responsible for any veterinarian or surgery bills. Moreover, if you decide to keep and treat a pup with a genetic defect or an ill puppy, the seller will void all aspects of this contract. The replacement puppy will be mutually agreed upon by both parties and will be of comparable quality. It is understood that the replacement puppy may not be from the exact same parents of the original puppy. NO replacement puppy will be covered under this guarantee if the puppy has sired or whelped one or more pups. YOUR PUPPY'S HEALTH & VACCINATIONS IS INCLUDED IN YOUR PUPPY PACK. PLEASE TAKE THIS WITH YOU TO YOUR FIRST VISIT TO YOUR VET TO MAKE SURE YOUR VET DOES NOT GIVE A VACCINATION THAT HAS ALREADY BEEN GIVEN. Vaccinations must be no less than three weeks apart and no more than four weeks apart for a series of three. Rabies vaccines cannot be administered before 16 weeks of age. Over vaccinating will void this contract. Proof of said maintenance must be furnished upon request of the breeder.

This guarantee does not cover the treatment of common ailments such as yeast infections, kennel cough, or parasites such as mites, roundworms, hookworms, whipworms, tapeworms, giardia, or coccidiosis, which are common to growing puppies and can be contracted from soil, pet stores, and many other places. Your puppy has been wormed frequently from two weeks of age until your possession and even though our puppies are tested and dewormed at an early age, it is possible (though unlikely) that they may still have parasites at the time of sale. It is your responsibility to continue to worm your puppy and check for parasites, including Heartworms. Lyon's Puppy Pride will not be responsible for adverse reactions to Heartworm Preventatives.

No guarantee is given for hypoglycemia (low blood sugar). This condition is not hereditary and is very preventable. Lyon's Puppy Pride is not responsible if your puppy/dog gets Covid-19.

There are certain disorders that may be caused by environmental factors, for example: allergies, thyroid dysfunction, démodé tic mange, and other autoimmune disorders that are not covered by this guarantee. Physical problems that are or could be the result of injury, abuse, neglect, or if the buyer fails to complete vaccinations and puppy checks by a qualified Veterinarian, are not covered under this guarantee.

Although our puppies are bred to AKC standard, and most have excellent conformation, we can make NO guarantees of "Show Quality." Our main concern and objective is to raise beautiful, healthy companions. We also cannot guarantee adult size, color, or temperament. While we do our best to give an accurate adult weight, there is absolutely NO GUARANTEE that the puppy will be the estimated size, or color. Coats and color may change. There is no guarantee or warranty that the Buyer will be able to show or

breed the puppy regardless of show or breeding potentials. Retained testicles, umbilical hernias, and bad bites as the dog matures, are not covered by this guarantee.

The guarantee applies to the original puppy only and is non-transferable to a second party. This contract supersedes any and all previous agreements. This contract is null and void if the terms and conditions are not fulfilled and proof of conditions provided.

*Buyer agrees to first contact the Seller if they find they are no longer able to care for their Puppy.

*Buyer agrees that they will NEVER put the puppy/dog in a shelter.

*Buyer agrees to NEVER debark this puppy/dog. Debarking a puppy/dog is inhumane. If you don't want a dog that barks you shouldn't get a dog. All dogs bark!

SPAY/NEUTER CONTRACT: *Buyer agrees Puppy is being adopted as a family pet and will never be used for breeding. Seller requires all puppies to be spayed/neutered by seven (7) months of age, at Buyer's expense. Seller agrees Puppy will not be used for breeding and will provide Seller with written proof of said spay/neuter within seven (7) business days after the procedure is performed. Buyer understands this procedure must be performed by a Licensed Veterinarian and documentation must reflect the same. Buyer understands failure to provide proof of sterilization once the Puppy reaches seven (7) months of age, will result in nullification of this contract and void all contents thereof. Buyer further understands, any attempt on the part of the Buyer to use the Puppy in a breeding program will result in legal action for breach of contract. Should such actions take place, any/all legal fees associated with this matter will become the responsibility of the Buyer to include any/all Seller attorney fees. Any such litigation shall occur in the State of North Carolina and any/all expenses related to travel will also be at the Buyer's expense. . If the BUYER fails to comply with the Non-Breeding Agreement and a litter is produced by the PUPPY/DOG, the BUYER understands that the SELLER will have the intent to pursue suit against the BUYER for the monetary value of each and every puppy produced. The monetary value for each puppy will be equal to the purchase price of the PUPPY/DOG. Purchase Price: _____. The Non-Breeding Agreement is a contract used to control the SELLER's bloodlines. The Agreement in no way says that the PUPPY/DOG is not of Breeding or Show quality, it is just a precautionary measure the SELLER takes to protect the puppy/dog and the bloodlines. Once proof of spay/neuter is mailed to the breeder, then the breeder will mail you the AKC papers.*

Buyer agrees that he/she understands this contract fully, and that this contract is under the jurisdiction of the State of North Carolina, in the county of Davidson. It is agreed that the place of venue shall be in Davidson County, North Carolina. Liability shall be limited to the adoption fee paid and listed on page one of this contract.

Lyon's Puppy Pride

I, as the buyer, or his/her representative, of this puppy, have read, understand, and agree to the above guarantee; Acceptance of a puppy is acceptance of this agreement.
